Q. Can I make a phone call to my U.S. Representative and the Member of Congress that represents my agency, if they are different?

A. No. Individuals participating in this competition on behalf of an agency may only contact the U.S. Representative that represents either the physical residential address of the individual or the physical residential address where the individual is registered to vote.

Q. The provider I work for has operations in multiple states. Can my provider participate in the competition as a whole?

A. No. Multi-state providers may not participate in the competition as one unit. Only individual agencies can participate in the competition. Providers with operations in multiple states are encouraged to have their local agencies participate in the competition.

Q. Are only DSPs allowed to participate in the competition?

A. No. We encourage DSPs, executives and staff to participate on behalf of their agency in this competition. In fact, families and other individuals associated with an agency are welcome to take part. The main thing is to be sure to identify the agency that should receive credit for the congressional contact!

Q. Do I have to be in Washington to meet with my U.S. Representative?

A. No. We encourage individuals to schedule a meeting with congressional staff in their district offices. Click [here](#) for a “Tool Kit” on how to communicate with Congress.
